## OSHKOSH SEED CO., OSHKOSH, WISCONSIN

---

To our Friends & Customers:

Did you ever stop to consider who pays for the half dozen or more fancy Seed Catalogs you receive each year?

YOU pay for these catalogs. Perhaps you haven't much idea as to what these catalogs cost; the cheapest catalog this year would cost 10c each and from that up to 50c each, this in large lots.

Now figure up how many catalogs you receive on an average each year and you will see how much of your money you spend for seeds really goes to pay for the catalogs.

This year there is more need for strict economy in all lines of business and more need than ever for every family to not only grow enough vegetables to last them through the summer, but to store for next winter's use, and in order to help this movement along, we have decided this season to eliminate the catalog altogether and give YOU the saving in a larger package of seeds, and we believe you will like this plan, for while the catalogs look very nice with the fancy lithographs, it really makes the seed no better, and you get less of it.

Instead of a catalog we are sending you a list of all of the staple varieties of Garden Seed in 5 and 10c packages, with a brief description of each variety. If you are in need of larger quantities we will be glad to quote you on request. This list also quotes a complete line of Field and Grass Seeds, and we will send you this list with revised prices from time to time, as prices may change or on request.

You will find this list convenient in making up your assortment, marking just what you ordered of each variety and retaining for your own reference. Please send in your orders for both Vegetable and Field Seeds on enclosed ORDER BLANK.

We are sending this only to those who have given us an order the past year or enquired for our catalog, so that most of you are familiar with the high quality of our seeds, and we wish to assure you that you will be pleased both with the quality and the nice large packets we are able to give you under this plan.

Thanking you in advance for your orders and assuring you they will have our prompt and careful attention, we are,

YOURS FOR MORE AND BETTER SEEDS

OSHKOSH SEED CO.
